

Celebrating International Mother Language Day

A Cultural programme was organized by the Chandrapur College to celebrate International Mother Language Day on 21st February, 2019. The students, teachers and non-teaching staffs all actively participated in the occasion. Students performed recitation and songs to pay homage to the Martyrs. Teachers also paid their tribute to those who scarified their lives in the language movement. While the historical perspective of the day was described in the speeches, the importance and relevance of the day in the present context when linguistic diversity is being challenged each day was reiterated by the speakers.
